Hello,

I have redone the goals for therapy. If you can make this into therapy treatment goals and send back, that would be appreciated.

Father:

Mr. Kahraman will demonstrate insight into the medical issues that his children do and do not have based upon documented medical evidence.

Mr. Kahraman will explore why he feels less competent to care for his children than mother.

Mr. Kahraman will explore how the over medicalization/malnutrition has impacted his children's lives.

Mr. Kahraman will explore guidelines for medical providers treating their own family members.

Mr. Kahraman will explore his own individual recollection of children's reactions to foods/pain/medical needs etc.

Mother:

KAHRAMAN008574

Mrs. Kahraman will demonstrate insight into the medical issues that her children do and do not have based upon documented medical evidence.

Mrs. Kahraman will explore how the over medicalization/malnutrition has impacted her children's lives.

Mrs. Kahraman will explore guidelines for medical providers treating their own family members.

Mrs. Kahraman will explore her own individual recollection of children's reactions to foods/pain/medical needs etc.
